Site Visit

A site visit will be held on **Monday, June 13, 2022, at 10:00 a.m.** (Saudi Arabian Time) at the U.S. Embassy Riyadh, Saudi Arabia.

Offerors interested to attend the site visit should send their representative names on or before close of business **Sunday, June 12, 2022**, to the following email RiyadhContracting@state.gov.

Statement of Work

The Contractor must complete all work, including furnishing all labor, material, equipment, and services to supply and install residential security grilles at the ground floor for residences of the Embassy of the United States of America in Riyadh, Saudi Arabia.

The Contractor must have successfully completed security grille work within the last (1) years.

The Contractor must complete all work in accordance with the schedule of work (15 working days after receiving PO)
Forced Entry Window Grille Standards

The contractor must complete the following requirements:

A. The forced entry widow grilles must be locally fabricated and installed on the interior or the exterior of the widow openings to include glass doors and skylights that are man passable.

B. Exterior surface mounted grilles must be designed such that they do not provide a convenient ladder (i.e., are anti-scaling).

C. All grille designs must be based on the following criteria:
   1. Minimum solid bar diameter: 14mm round or square.
   2. Horizontal Spacing (vertical members): 100mm on center o.c (maximum).
   3. Vertical Spacing (horizon members): 600mm o.c. (maximum).
   4. Horizontal members must be on the inner side of the structure.
   5. All horizontal and vertical members must overlap the frame 50mm (minimum).
   6. All security grille work must be constructed to prevent a solid 4-inch sphere from passing through the structure at any point.

D. Grille frames must be based on the following criteria:
   1. Continuous 60 x 60 x 4 mm steel angle.
   2. Corners must be miter cut with continuous weld joints.

E. Forced entry window grille frames must be anchored to the surrounding structural members using the following methods:
   1. Frame anchor points must be 50 mm (minimum) from any edge of the structural opening.
   2. Reinforced concrete - 10 x 90 mm (minimum) drop-in expansion anchors, 125 mm o.c. (maximum).
   3. Steel - 10 mm – 1.5 x 25 mm socket head cap screws at 125 mm o.c. (maximum).
   4. Masonry option 1 – Preferred method for recessed mounting; Manufacturer recommended anchor system 10 mm – 1.5 x 150 mm (minimum) at 250 mm o.c. (maximum).
   5. Masonry option 2 – Preferred method for surface mounting; through bolted 10mm x 1.5 (minimum) with 50 mm diameter x 2 mm thick (minimum) washer on the inside at 250 mm o.c. (maximum) nuts must be on the interior and welded to the bolt shaft.
6. The Embassy will provide thumb deadbolt locks to install on all sliding and swing door metal grilles on the ground floor. It requires installation and covering of 3mm steel expanded metal wire mesh 60 cm. above and underneath of deadbolt lock.

F. Grilles may provide a platform which can be used to access windows and/or balconies located above the grilles. Where this situation exists, the Contractor must:

1. Reduce the spacing of the vertical bars.
2. Reduce the grilles in the window openings; and
3. Install the grilles inside the window.

G. All grilles and all metal supports must be completely covered in one (1) quality coat of primer and two (2) epoxy coating prior to installation, and then touched up after installation to prevent any exposed metal to avoid rusting. The epoxy color should be modeled after Sigma 0620 or another similar Sigma color.

H. Refer to examples in Attachment A for grille basic fabrication.

I. Paint touch-up or repair any damages to existing exterior and/or interior structures/walls, as needed.

J. All major fabrication and painting will be done off-site; minor modifications and touch-up painting will be done on-site.

Proposal Submission:

The quotation must be submitted with sample, on or before **17:00 Hrs. Wednesday, June 22, 2022.**
No proposal will be accepted after this time.

Technical Capability:

The proposal shall meet all of the requirements contained herein. The offerors shall provide with their proposal, at a minimum, in written English the following information.

- Evidence that the offeror operates an established business with a permanent address and telephone listing and is registered to conduct business in Kingdom of Saudi Arabia. Responsibility will be determined by analyzing whether the apparent successful offeror complies with the requirement of FAR subpart 9.1 including:
- Ability to comply with the required performance period, taking into consideration all existing commercial and governmental business commitments.
- Satisfactory record of integrity and business ethics.
- Necessary organization, experience, and skills or the ability to obtain them.
- Necessary equipment and facilities or the ability to obtain them; and
- Be otherwise qualified and eligible to receive an award under applicable laws and regulations.
- The offeror will be responsible for delivering the items to the shipping address stated below.
- The Embassy will not provide any documentation related to shipping or customs and it is solely the responsibility of offeror to deliver the items within the specified time.
Other requirements:

- A proposal must be dated, signed, and valid for 30 calendar days from submittal to the Embassy.
- Offeror must be registered in the System for Award Management (SAM) database before an award can be made to them (if the project price exceeds $20,000). If the offeror is not registered in the SAM, it may do so through the SAM website at https://www.sam.gov/ (via Google Chrome) (also see attached quick start guide for new foreign registration)
- All proposals and other correspondence must be in English language.
- Contract award will be subject to the laws and regulations of the United States of America and is being competed utilizing full and open completion procedures.

Payment Terms & Conditions:

Order will be placed by US Government Delivery order /Purchase order and the payment terms will be as per US Government Prompt Payment Act (Net 30)

Competition:

Contract award will be subject to the laws and regulations of the United States of America. This requirement is being competed utilizing full and open competition procedures.

The Contracting Officer reserves the right to reject any and all proposals and to waive any information or minor irregularities in proposals received.
Question Submission:

Interested offerors may submit questions regarding this RFQ may be directed to the Contracting Officer by email at RiyadhContracting@state.gov on or before closing business 17:00 Hrs., Thursday, June 16, 2022. Questions not received within this time period will not be considered.

Sincerely,

[Signature]
